

## Convention Centre Key Facts

Purpose-built, unique, flexible and one of the largest in the UK, our convention centre combines state-of-the-art technology with cutting-edge design to ensure your meeting delivers exactly what you need it to.

The cleverly designed auditorium is a comfortable space for up to 1350 delegates. If you need further flexibility – our two rotating drums can then subdivide this space into 3 separate, self contained meeting auditoriums of 250 (x2) and 850.

Event organisers can also take advantage of 18 breakout rooms containing top of the range technology, with capacities ranging from 22 - 500. Banqueting and exhibitions are also easily accommodated in our versatile Multi-Purpose Hall that has 3,725m<sup>2</sup> of space.
